THE STATE OF NEW HAMPSHIRE

(L. S.)

To the Inhabitants of the Town of Brentwood in the County of Rockingham in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Town Hall in said Brentwood on Tuesday, the 13th day of March next, at 10 o'clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To see if the Town will vote to request the State Tax Commission to make a complete reappraisal of the lands and buildings within the Town to equalize valuations in accordance with the Law, and to appropriate money for the same.

4. To see if the Town will purchase an enclosed cabinet to house the check list from the weather with lock and key and place on the outside of the Town Hall.

5. To see what action the Town wishes to take in regard to a Town Ordinance and the election of a 5 man committee to study same and report at the 1952 Town Meeting.

6. To see what action the voters of the Town will take to have the Selectmen meet at the Central School once a month to transact such business as may come before them.

7. To see if the Town wishes to move the Town Hall to the Central School and make appropriation for the same.

8. To see what action the Town wishes to take to balance its financial standing.

9. To see what action the Town wishes to take in regard to the election of 3 Fire wards whose term of office shall be one year without pay. Their duties to be complete charge of all Town equipment (service, maintenance, purchase). The appointment of the Fire Chief. Two Wards for 1951 to be elected from the floor (Selectman) thereafter their names to appear on the regular ballot.

10. To see what sum the Selectmen may borrow in anticipation of taxes.

Given under our hands and seal this twenty first day of February, in the year of our Lord nineteen hundred and fifty one.

Report of Fire Department

Forest Fire Prevention Pays Dividends

Most forest fires are preventable because someone is responsible for them. State records for 1950 show 94% of 632 fires resulted from human perversness and carelessness. Refusal to secure the required warden permit before burning; failure to use good judgment, lack of equipment and assistance while burning; carelessness in smoking and poorly conditioned woods equipment (trucks, tractors, etc.) resulted in a total of 6090.6 burned acres with a loss of $63,949.10 in valuable property.

Fortunately, these human factors can be dealt with because people can be reached. This the local forest fire warden tries to do by informing his fellow citizens that EVERYONE MUST:—

1. Secure a written permit to burn in or near woodlands when the ground is not covered with snow.
2. Use good judgment in burning and have enough equipment and assistance to keep fire under control at all times.
3. Be careful when smoking in or near woodlands and refrain from throwing lighted material from automobiles.
4. Make certain that all equipment used in the woods is in good condition.

His success depends entirely upon public reaction to his appeals. He does his part — the rest depends upon YOU and

YOUR compliance with burning requirements

YOUR care with YOUR fires and YOUR smoking and

YOUR care of motive equipment you use in the woods. It all aids, materially, in reaching the desired goal, the PREVENTION OF FOREST FIRES — because PREVENTION PAYS DIVIDENDS!

Number of local fires	1
Number of acres burned	⅛
Number of permits issued	—

WILLIAM S. BARTLETT,
Forest Fire Warden.

MERTON A. WEBBER,
District Fire Chief.

REPORT OF BRENTWOOD VOLUNTEER FIRE DEPT.

We of the Brentwood Volunteer Fire Department submit the following report of the year's activities and calls. Below are listed the type of calls and estimated damage:

Forest and Grass Fires	8	$ 250.00
Chimney Fires	4	100.00
Buildings	4	15,000.00
Gas Fires	2	1,500.00
Oil Burners	1	25.00
		$16,875.00

This amount of damage done by fire may seem quite large but could have resulted to more without help from nearby towns, which was without cost to the town of Brentwood, by the department being a member of the Interstate Emergency Unit, while we have an active department with some equipment and ready for call. Without this it would have been over $450.00 with the four building fires. The other fifteen small grass, forest, and chimney fires would have added $875.00, with a cost of $1,350.00 to have been paid for by the taxpayers of Brentwood.

With more and somewhat better equipment we feel we could do more and better than we have for everyone in case

of fire. In case of a call to any other town we would be able to go and not be left without any protection at home.

Brentwood owes the towns of Kingston, Exeter, Epping, and Fremont a great deal and can help them by helping its own self with more and better equipment.

Help to prevent fire by securing a permit from the Forest Fire Warden before burning grass, brush, and large amounts of rubbish. You never know which way the wind will blow!

In case of fire, call the Kingston telephone operator, stating location of fire, name and place and the operator will call the proper numbers and persons. Never call call the Chief or Deputy Chief personally. It wastes too much time and only one person knows instead of others that should be called too. The operator has her instructions and will gladly and efficiently co-operate. Help us, by helping to prevent all fires.

Respectfully submitted,

GEORGE SANBORN,
Chief.

SIDNEY PARSHLEY,
Deputy Chief.

Superintendent's Report

To the School Board and Citizens of Brentwood:

I am happy to submit this my first report, as your Superintendent of Schools.

The past year has been one in which the citizens of Brentwood can point with pride. It is commendable when a Community has the forsight to make a school such as the Swasey School available to its young people. It is all the more so when this is in part made possible through the generosity of one citizen.

There are four basic rights that the young people of a community are entitled to in their schools; these are:

1. The right to a feeling of security. Security in the belief that parents and teachers have their interests at heart.
2. The right to love and friendship. Young people need someone they can turn to in troublous times as well as joyous times.
3. The right to experience social fellowship; healthy educational and recreational situations that do much toward the development of a healthy mental attitude.
4. The right to good learning experiences. This demands good teachers and educational tools necessary to make good teaching effective.

Brentwood has taken a big step forward in the meeting of these needs, but should not be complacent.

This report is accompanied by a page devoted to Return of District Revenue, which shows the actual budget we are operating on this year (1950-51). In comparing this with next

year's budget one must bear in mind the increased cost of school supplies as well as the fact that good schools require continuity in their teaching staffs.

The teachers have done a fine job in bringing their respective groups into one building and welding them into one well knit unit. This could not have been possible without willingness on the part of the teachers to work together toward a solution of the problems common to all.

Teachers

Miss Gloria Cogger was hired to teach grades five and six. Miss Cogger is a graduate of U.N.H. and is taking the conversion course into the elementary field.

Equipment

The teachers and school children have been working for the purchase of a movie projector for the school. This could be made possible with an additional one hundred and fifty dollars raised by the school district. This is a very worthwhile project and should be given serious consideration.

A duplicating machine should be purchased for the school. This would serve the school and community in many ways and would be worthwhile educationally and socially.

It is hoped that a hot lunch program will be part of next year's program. The Swasey School with its spacious kitchen and storage closet has the facilities for a first class program.

Finally, I wish to express my appreciation to the school board, citizens, teachers and pupils of Brentwood for the spirit of cooperation and friendliness with which they have received their new Superintendent.

Respectfully submitted,

LOUIS L. RAMSAY, Supt.

Report of Music Teacher

To the Superintendent and School Board, Citizens of Brentwood:

Children learn a great deal about music through songs, rhythms, folk dances and games. These activities will add greatly to their enjoyment and understanding of music.

A Christmas program was presented at the town hall in December. Various musical selections were presented as well as a short play. Through the cooperation of the teachers, parents and pupils the program proved successful.

New books have been purchased for several grades. They are:

Grades 7 and 8 ..... Let Music Ring
Grades 5 and 6 ..... The American Singer, book 5

The children have profited from and gained much pleasure from the new books in all the rooms.

In addition to the above described work the usual program has been carried out. Each child has been given instruction appropriate to his grade in music theory, music appreciation, folk dancing and rhythm band work.

I wish to express my appreciation to the School Board, superintendent, teachers, parents, pupils and other citizens for their cooperation.

Respectfully submitted,

JEAN L. READIO,
Music Supervisor.

Health Supervision

To the Superintendent of Schools and the School Board:

Your school nurse welcomes this opportunity to inform you in regard to what has been accomplished from the standpoint of health education during the past year.

The children received the usual yearly physical check-up consisting of an examination of teeth, tonsils, posture, vision, and hearing as well as weighing and measuring. Little Health Talks on timely subjects were given in the classrooms. Home visits have been made, and follow-up work carried out.

Probably no subject is of greater concern to parents and teachers than the health of the children in their care. The parents have shown an increased interest in establishing a closer relationship between school and home in the mutual striving for better health objectives.

The Maico Individual Audiometer, a recent acquisition of our Union, has been most useful not only as a hearing test, but as a check on the possible impairment of hearing caused by measles, ear infections, scarlet fever, etc.

In closing, I wish to express my thanks for the full co-operation of the parents, teaching staff, friends, and public organizations that have given time and enthusiasms toward the betterment of our health program.

Respectfully submitted,

CONSTANCE COOPER,
School Nurse.
